

The Math and Science Camp provides an opportunity for 40 rising 9<sup>th</sup> and 10<sup>th</sup> grade students to spend a week on the campus of the Mississippi School for Mathematics and Science involved in hands-on, project-based learning experiences that further develop their math and science skills, improve their test-taking abilities, and prepare them to compete more effectively within their peer groups. This experience is designed for students who excel in mathematics and science and are interested in careers in the fields of science, mathematics, engineering, and technology. Planned activities include engineering competitions, creative test-taking strategies, a ropes course, and a field trip to MSU's Center for Advanced Vehicular Studies, High Performance Computer, and the "CAVE."

The camp is offered at NO COST to the participant. Room and board, food, supplies, and all materials used are provided. Participants must furnish their own linens and toiletry items. All participants will be housed in MSMS residential housing on the MUW/MSMS campus in Columbus. All meals will be served in the MUW cafeteria (excluding special functions). Students are responsible for providing their own transportation to and from the camp.
